

Darshan M

Phone: (+91) 9740071608 (Mobile) | **Email address:** mdarshan.off@gmail.com |

Address: #2026, Shree Nilaya, 1st Cross, AMC Main Road, Kushal Nagar, Kadugondanahalli, 560045, Bangalore, India (Home)

● ABOUT ME

Career Summary

Passionate about **Data Science** with hands-on experience in **data analysis, exploratory data analysis (EDA), feature engineering, and machine learning** through practical projects. Skilled in **Python, SQL, Streamlit, and data visualization**, with a strong interest in solving real-world problems using data. Always eager to learn new technologies and continuously improve my skills with the goal of becoming a **Data Scientist**.

● WORK EXPERIENCE

10/10/2025 - 25/01/2026 - BANGALORE, INDIA

DIGITAL MARKETING AND OPERATIONS TEAM LINGO EDUCATION ORGANIZATION

Digital Marketing Intern:

- Managed and created social media content (posts, banners, reels, and stories) to increase brand awareness.
- Designed promotional materials such as posters, flyers, and banners using design tools.
- Assisted in planning and executing digital marketing campaigns.
- Monitored engagement metrics and prepared simple performance reports.
- Coordinated with the team to maintain consistent branding across platforms.
- Responded to online inquiries and supported lead generation activities.

Operations:

- Assisted students with application form filling and documentation requirements.
- Verified academic and personal documents for accuracy and completeness.
- Coordinated with universities/colleges for application submissions and follow-ups.
- Maintained organized digital records of student applications and statuses.
- Communicated application updates and requirements to students.
- Supported visa and admission-related paperwork where required.
- Ensured deadlines were tracked and met efficiently.

● EDUCATION & TRAINING

01/01/2021 - 08/02/2025 - BANGALORE, INDIA

BACHELOR OF ENGINEERING (B.E.) - B.M.S. COLLEGE OF ENGINEERING (UNDER VISVESVARAYA TECHNOLOGICAL UNIVERSITY - VTU)

01/06/2018 - 31/03/2020 - BENGALURU, INDIA

PRE-UNIVERSITY COURSE (PUC) - KARNATAKA SCHOOL EXAMINATION AND ASSESSMENT BOARD (KSEAB) (CMR NATIONAL PU COLLEGE, BENGALURU)

01/06/2016 - 31/03/2018 - BANGALORE, INDIA

SECONDARY SCHOOL EXAMINATION (CLASS 10) - CENTRAL BOARD OF SECONDARY EDUCATION (CBSE) (KENDRIYA VIDYALAYA HEBBAL, BANGALORE)

● SKILLS

Programming

Python | SQL | HTML, CSS, JavaScript

Data Science

Data Analysis | EDA | Data Cleaning | Feature Engineering | Data Visualization | Linear Regression | Ridge Regression | Lasso Regression | ElasticNet

Libraries

Numpy | Pandas | Matplotlib | Seaborn | Scikit-learn

Tools

Streamlit | Jupyter Notebook | GitHub | VS Code

Soft Skills

Problem Solving | Teamwork | Communication | Adaptability

● PROJECTS

Personal EDA Projects:

1. Red Wine Quality Analysis using EDA & Feature Engineering

- Performed data cleaning, exploratory data analysis, and feature engineering to analyze factors influencing wine quality.
- Applied outlier treatment, feature scaling, and correlation analysis to prepare the dataset for predictive modeling.

2. Flight Price Prediction using EDA & Feature Engineering

- Conducted data preprocessing, exploratory data analysis, and feature engineering on airline booking data.
- Processed categorical and date-time features to prepare the dataset for flight fare prediction.

3. Google Play Store Data Analysis using EDA

- Cleaned and analyzed the Google Play Store dataset using exploratory data analysis to identify key trends and insights.
- Handled missing values, engineered relevant features, and visualized app performance metrics.

Web Development Projects:

1. [Tindog Website](#) - Created a responsive website using Bootstrap along with basic HTML and CSS, emphasizing mobile-first design principles.
2. [Drum Kit Web App](#) - Developed an interactive web application that plays drum sounds based on keyboard and button inputs, showcasing knowledge of JavaScript event handling and DOM manipulation.
3. [Simon Memory Game](#) - Designed and developed a browser-based memory game website using HTML, CSS, and JavaScript, implementing sequence generation, sound effects, and user input validation to enhance interactive gameplay.
4. [Dice Game Web App](#) - Built an interactive two-player dice game website where users roll virtual dice to determine the winner, demonstrating skills in JavaScript logic, random number generation, and DOM manipulation.

College Projects:

1. **Night Vision Drone** - Designed and constructed a drone integrated with programmed night-vision functionality, highlighting skills in embedded coding, electronics, & hardware-software integration.
2. **Social ID Card System (Mini Project)** - Developed a digital social ID card solution aimed at improving safety and identity verification during pandemic situations.

● LANGUAGE SKILLS

Mother tongue(s): **TAMIL**

Other language(s): **HINDI | ENGLISH | KANNADA**

- **HOBBIES AND INTERESTS**

1. Keeping up with the Latest Technology Trends.
2. Outdoor Sports and Physical Activities.
3. Exploring Different Music Genres
4. Building Creative Projects
5. Exploring New Destinations and Cultures

- **MY PORTFOLIO**
